 Fox Chapel Publishing
Available: June 2023
Pub Date: July 2023

Frank Egholm is the best-selling author of *Easy Wood Carving for Children* and a master carver who specializes in simple one-knife projects, bushcraft, toys, and games.

- An approachable and age-appropriate introduction to teach children ages 8-14 how to carve wood with adult supervision
- Projects only require a few basic tools and twigs, branches, and other found wood
- Includes complete overviews on safety, materials, tools, basic carving techniques, and detailed sketches within instructions
- Features 18 step-by-step beginner wood carving projects and full-size patterns for fun objects and functional items, including a mushroom, boat, spatula, whistle, ring toss game, and more
- Adult supervision required as kids learn and independently carve each project in just one sitting
- Compact size makes this resource a convenient carry-along guide for any outdoor adventure
- The benefits of teaching children how to carve and whittle, aside from limiting screen time, establishes an appreciation for nature via using found wood for projects, responsibility for safely handling tools, creativity, concentration, dexterity, and a sense of accomplishment

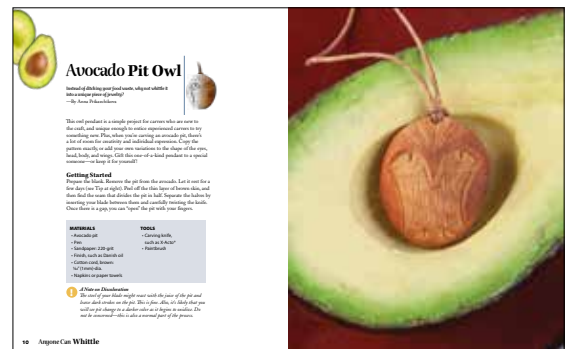

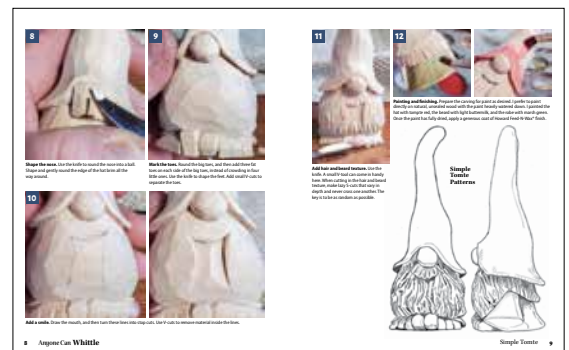

Anyone Can Whittle!

EASY TO LEARN AND BETTER THAN EVER **7 NEW** Study Sticks Now Available!

With renowned carver **Harold Enlow** as your teacher, both beginner and advanced carvers will learn expert techniques to produce realistic caricature carvings! From a witch, a cowboy, and a wood spirit to various types of detailed faces, eyes, lips, noses, mouths, and hair, these Learn to Carve study sticks are a must-have resource that belong on the shelves of every passionate wood carver.

We've recently improved our *Learn to Carve* study stick kits to provide the best possible learning experience. Now made from high-quality, hand-cast resin with a natural wood stain, each study stick details a step-by-step progression to making realistic caricatures and facial features. Included with each study stick is a 32-page instructional booklet with easy-to-follow directions and coordinating close-up photography to guide you through every step.

Dust Collection Systems and Solutions for Every Budget

Complete Guide to Protecting Your Lungs and Eyes from Wood, Metal, and Resin Dust in the Workshop

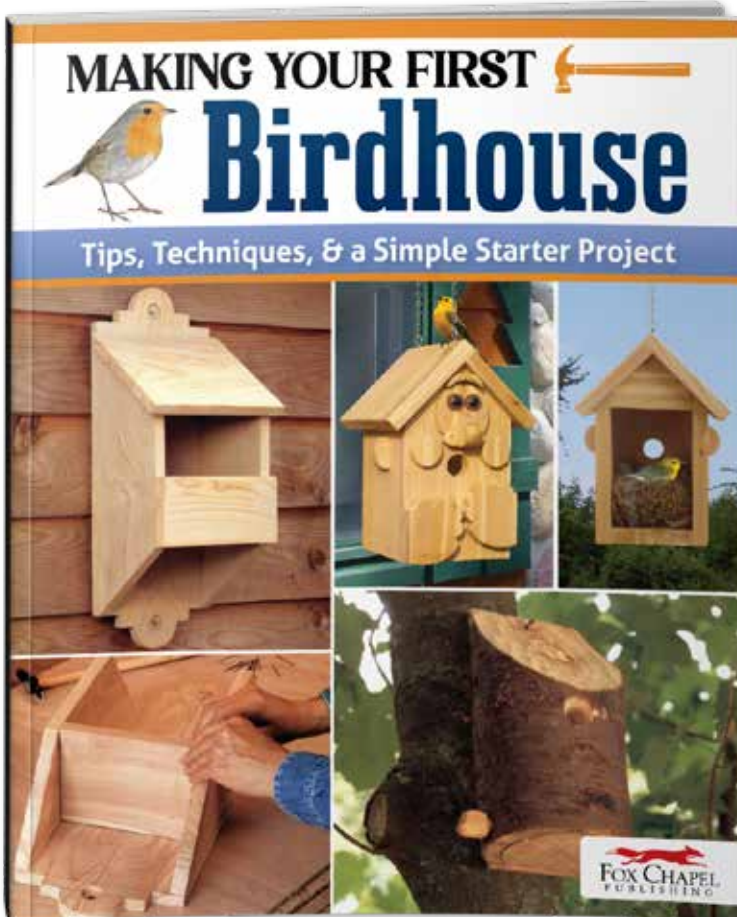

VARIOUS AUTHORS

Keep your workshop and lungs safe! No matter how big or small your workshop space is, making your shop safe is essential for long-term health and preventing serious respiratory issues. *Dust Collection Systems and Solutions for Every Budget* is the ultimate guide to managing the dust in your workspace – be it woodworking dust, epoxy resin dust, or metalworking dust – and covers everything you need to know to be safe, from explanations of dust hazards and proper PPE to shop vacuums, shop-wide collection systems, air filtration systems, and location- and tool-specific dust collectors. Also included are helpful photos, graphics, and exploded views of different systems and shop layouts. Great for beginners to understand what precautions to take and helpful for experienced makers to be sure their space is up-to-par, this must-have resource is crucial for everyone with a workshop.
